TECHNICAL DATA SHEET

ALL PURPOSE HAND SOAP

Liquid water rinseable hand cleaner. Pure mild cleaning action that works into a rich lather. Cleans while it penetrates.

ADVANTAGES

- Contains no skin drying solvents, ammonia, harsh alkalies, abrasives.

- Contains the antiseptic ingredient PCM (Parachlorometaxylenol).

  Effective in hard or soft water.

- Dispenser ready — use in liquid or lather dispenser.

  Packaged in gallon with handle for bulk refill into “tank” type dispenser.

DIRECTIONS

Wet hands. Dispense small amount of cleanser and work into lather. Rinse with water. Repeat if desired.
