GERM-A-FOAM

E-2 ANTI-BACTERIAL FOAMING SKIN CLEANER

Germ-A-Foam is specially formulated to provide a thick, rich foam to gently clean and kill bacteria that can cause disease. Formulated with lanolin, aloe vera, and other emollients, it leaves hands feeling soft and smooth even after repeated washes. This luxurious foam provides thorough cleaning while using almost 50% less liquid than traditional liquid soaps.

ADVANTAGES

• Specially formulated to provide a thick, rich foam to gently clean and kill bacteria that can cause disease. Formulated with lanolin, aloe vera, and other emollients, it leaves hands feeling soft and smooth even after repeated washes. This luxurious foam provides thorough cleaning while using almost 50% less liquid than traditional liquid soaps.

• Its pleasant scent and rich lather encourage longer and more frequent washing.

• Contains PCMX (Para-chlor-meta-xylenol) to reduce bacteria that can cause diseases.

• Balanced pH reduces potential for irritation. Rich lather produces pleasant feel.

• Perfect for use in hospitals, nursing homes, physician’s offices, grocers deli and meat departments, schools, daycares, office buildings, mail rooms, and public restrooms.
